

Sabbatical Itinerary / Schedule

Immanuel Nashville have allotted me time to attend stated staff meetings and also individual meetings with pastoral staff. Each have received my Sabbatical Proposal Paper to shape our conversations. There will be flexibility in my schedule as other pastoral staff members will be able to meet with me in some of the gaps.

An office space has been set up for purposes of study, reading and meetings for the duration of my stay. I have set aside a number books I want to read and also explore with some of the Immanuel staff members.
